CAROLYN LAU

FRONTEND DEVELOPER (React) | (650) 888-2080 | thecarolynlau@gmail.com
carolyndev.com | github.com/carolyndev | linkedin.com/in/carolynlau-profile

TECHNICAL SKILLS

Languages - JavaScript (ES6+), HTML, CSS/SCSS,   **Tools & Platforms** - Git, Netlify
Libraries & Frameworks - React, Tailwind CSS   **Design** - Figma, mobile-first approach

RELEVANT EXPERIENCE & PROJECTS

Frontend Developer   Oct 2021 - present
David Arima Photography
- Developed a multi-page portfolio from design to implementation using Figma, SCSS, and JavaScript
- Optimized and debugged code with Chrome DevTools, resulting in a 20% increase in performance
- Interfaced with client on creative direction to deliver quality updates and maintain site functions

PaintPal   Nov 2021
Hackathon Project
- Created a frontend painting application as a submission for Mintbean.io's Hackathon
- Implemented drawing functions with clean, readable SCSS and JavaScript, and deployed via Netlify
- Delivered a compelling product story via product landing page and documentation, ranking in top 20% of hackathon challengers

Recipeace   Sep 2021
Recipe Generator
- Built a performant, dynamic single-page web application with Tailwind CSS and React
- Executed Fetch API calls to third-party REST API and rendered query results in reusable components
- Expanded project functionality to include user favorites, result pagination, and random recipe search

to.day   Aug 2021
CRUD Task Manager
- Designed and developed a CRUD application using SCSS, React, and a mobile-first approach
- Dynamically rendered user interface to reflect user input by implementing state via React Hooks
- Included theme toggle via CSS custom variables, and task saving functionality via local storage

PREVIOUS WORK HISTORY

Operations Coordinator   Jul 2018 - Apr 2021
Futures Academy
- Analyzed Salesforce reports weekly to grow sessions delivered, achieving an 8% YOY gain
- Identified actionable enrollment opportunities with sales team, increasing services sold by 17%
- Led training for 5+ new operations coordinators and 10+ instructors across 4 branch offices

EDUCATION

Team Treehouse   Mar 2021 - Jun 2021
- Frontend Web Development Track

freeCodeCamp   2021
- Responsive Web Design Certification

University of California, Berkeley
- Bachelor's Degree, Molecular and Cell Biology
